

Troy United Methodist Church

Dennis D. Price, senior pastor

Dear John & Team,

Thank you for your excellent work in completing our project. It was great working with you. Your attention to detail and workmanship was excellent. You responded to our questions always in a timely manner.

Our total project consisted of the contract with you and some work that we were doing alongside you. First, you were willing to work with us and second, you were willing to go above and beyond expectations by giving us suggestions and wisdom for the total project.

It was great working with you. I would highly recommend your company to others based on your knowledge and expertise and based on your understanding of the mission of the church.

Sincerely,

“I would highly recommend JHOOKER based on his knowledge and expertise and his understanding of the mission of the church.”

Troy United Methodist Church

Deb Inman, director of lay ministry

The process of working with John and the people he employed and contracted was a good experience for me. Everyone was courteous and skilled — a great combo from my position.

I would recommend JHOOKER Construction Services to any church.

Sincerely,
Deb Inman
